

June 22nd.

Dear Vicki & Jim,

just sitting here at the office all alone and thinking of you two - so decided I must do better and write more often! Ned is on vacation until July 8th so I shall be a little busier for awhile.

What's happening back your way? Tennis & jogging I'm sure! Tell us of your promotion - is it the "promotion" or new job you've been anticipating for awhile or something different? And what of Jim? Does he still make trips here and there? And maybe to San Diego this summer and a trip in it for you, too, to the west coast? In about a month we'll have a few Early Red peaches! Dad says they're beginning to show color - The orchard looks very well kept - yesterday he watered his new little trees.

Brian & Patti have been in Oregon visiting and are at her mother's in Calif. now I going back the 20th (guess they've gone) Tom & Loid came yesterday but we haven't seen them yet. We're planning a "Grabenhorst" family pathack on July 22nd. Don't know how many will come but as many as can make it - Write Love Mom & Dad
